Police Chief in Sellersville Takes Three Men Into Custody

ARE HELD UNDER BAIL

Men Reported To Have Operated in Lower Bucks County

SELLERSVILLE, Nov. 6.—Police have taken into custody three men giving Phila. addresses and after preliminary hearings the three have been held in \$2000 bail each for the Bucks County Grand Jury. They are charged with selling advertisements in non-existent labor and veterans' publications. The hearings were held before Justice of Peace, W. Lee Wilhelm here.

The suspects are identified as Alvin Kazlow, 33, of Norris street, John Slough, 35, Colorado st., and John Rabbitt, 52, of Walnut Lane.

Police Chief William D. Hammerschmidt said that the men had operated in Lower Bucks County doing business in at least one community, Morrisville. He said that the men had accepted both money and checks.

Police Chief William D. Hammerschmidt, of Sellersville, who arrested the men at a hotel in Sellersville last Friday, told Wilhelm that "it is my belief that these men are part of a State-wide ring that has been preying on businessmen for several years."

He added that since their arrest, detainees have been filed against them by authorities of 13 other counties. He did not name the counties, but Police Chief Paul Hunsberger of Souderton, Montgomery county, was present at the hearing and showed Wilhelm warrants which he said would be served after the disposition of the Bucks county case.

Hammerschmidt also said that he

WORLD NEWS IN BRIEF

A world census of arms stockpiles, including atomic weapons, will be the keystone of the peace program the United States will present to the United Nations General Assembly, it was forecast. The census would be subject to verification by the United Nations. The sixth session of the Assembly opens in Paris today. At the last meeting of the fifth session the Russians made another futile attempt to have Communist China seated.

The United States, Britain and France asked to have placed on the Assembly agenda the "important and urgent" item of an international commission to study "whether existing conditions" throughout Germany made it possible for "genuinely free elections" to be held. Egypt's Foreign Minister said the dispute with Britain would not go before the Assembly and any plan to settle differences would be rejected "so long as British occupation persists."

General Eisenhower discussed North Atlantic military and Allied problems with President Truman and top defense officials, but "not a bit" of politics was considered, he said.

BE SURE TO VOTE!

Today is Citizens' Day. It is the day when we make self-government work—or let things slide.

If we don't show enough interest in good government to come out and vote for it, you can bet we won't keep on having it!

Every qualified voter, man or woman, has one overriding duty today, and that is to exercise the responsibility of all citizens—expressing his or her preference through the ballot box.

No matter what else you have to do, no matter what else you would like to do, don't let other considerations interfere with that most important task of all.

Come out to the polls.

And when you do come, vote straight Republican.

You can vote for one and all of the Republican candidates with a single mark of your pencil.

Simply look for the word Republican where you will find it on the ballot in heavy type, and place an "X" after it, thus:

ELEMENTARY BLDG. NEEDED FOR EACH UNIT, 1400 HOMES

560 Such Pupils from Every 1400-Home Unit, Levitt Development

LAND TO BE BOUGHT

Will Be Sold by Corporation At Same Price It Paid

Dr. Charles H. Boehm, superintendent of Bucks County schools, is of the opinion that an elementary school will be required for every unit of 1400 homes built in "Levittown, Pa." This figure is arrived at through the fact that there will be about "4/10 of an elementary pupil for every dwelling," with each elementary school caring for about 560 pupils.

Dr. Boehm states he conferred for several hours on Friday with representatives of Levitt & Sons, Inc., and learned that already a 22-acre school site has been set aside to serve the first 1,400 homes in the proposed 16,000-home city.

"We figure on about 1.1 pupils—elementary, junior high and high school—per home," he said, "with four-tenths of a pupil of elementary school age per home."

The land for the schools will be purchased from the corporation as the city is built, Dr. Boehm said, adding, "We'll pay just what they paid for it."

As for schooling in Bucks county's other large housing project—the Danherst Corporation's new town of Fairless Hills—Dr. Boehm was enthusiastic about homes now being used as schools. "There isn't a lot of playground around them," he admitted, "but they are a lot better than some of the small schools still being used in other parts of the county."

Other school construction in Bucks County has been halted completely, at least until December, when the Legislature returns to Harrisburg to take up the big problem of finances.

It is claimed the state is without funds for erection of additional school buildings.

CHURCHILL'S EXAMPLE

The cut in salaries which Winston Churchill has ordered for himself and the members of his cabinet will make no dent in the British debt—it's a matter of only \$100,000 a year—but it should have no small sentimental effect. To the man on London streets it will be evidence that the sacrifices he is making for the nation's benefits are shared by those in high places.

In Washington, where a horde of assorted bureaucrats such as was never before assembled in history are engaging in a Lucullan tax feast—with custom built limousines, yachts and \$50,000 tax-free expense accounts commonplace—this move by Churchill is viewed through jaundiced eyes. What in the world can the man be thinking of?

It was inevitable, of course, that the Prime Minister's action would be interpreted by his enemies as a piece of smart politics. Perhaps it was, but the point to be remembered is that nothing of the sort was done when the socialist government was in office.

Under the socialist regime the men on top took all that the law permitted and in many cases it was infinitely more than they ever had before and more than they needed for comfortable living.

It is a good guess that the English people, as distinguished from the socialist politicians, will think it's a fine idea. Certainly the American people, many of whom are convinced the future holds little except higher and higher taxes, would react favorably if President Truman were to renounce the private yacht, plane, limousines, railroad car, tax-free expense account and accept a voluntary cut in his salary. His exhortations to the populace to tighten its collective belt would have a less hollow sound.

Members of the family should be interested in the same activities, says a social worker. Like the Wisconsin family which went in for bank robbery.

It was stated that the cost of such a study would be \$3,500 for Yardley alone, \$5,000 for Makefield Township alone, and \$7,500 for both municipalities. No action was taken on the proposal. Council indicated it would

No action was taken to fill the zoning board vacancy. Frederick Bebbington, Council secretary, reported that street lights which had been requested at various points in the borough are now being secured. The lights will be located on Lincoln avenue, North Main street at the Knowles property, on the north end of Edgewater avenue, at Maple and Morgan avenues, at the canal bridges at College and Letchworth avenues, and at the railroad underpass. Council referred to the street committee a request by Cornell Turner of South Canal street for repairs to his street. were "obtained for fake ads in various parts of the Commonwealth." The police chief testified that his investigation showed that "Rabbit" acted as the "telephone man." He and the others would go into a town, he would call up a prospect, and then the other two would go around and collect a "deposit" for a fake ad. "Rabbit" said the arrests were made after Robert G. Berger, president of the Whitehorse Motors in Sellersville, was asked to buy an advertisement in a Veteran of Foreign Wars booklet issued in connection with a dance to be held Nov. 10 at the Moose Home. He said, Berger, knowing that no such dance would be held, reported the incident to him.

King-size Market Basket

The Bell Telephone Company of Pennsylvania

To meet Pennsylvania's growing demand for telephone service, both civilian and military, we are pushing ahead with the biggest expansion program in our history. This means that we must keep on buying huge quantities of telephone equipment.

At king-size prices, too!

Take telephone wire, for example. It now costs 96% more than it did in 1940. Cable has gone up 100%. Poles, 119%. Trucks, 140%. Buildings, over 100%. And so with almost every item.

Any way you look at it, the cost of providing telephone service has gone up and up.

In spite of all this, we've continued to expand, and we've been able to provide good, low-cost telephone service that keeps on growing in value, day by day.

Telephone service could cost more than it does and still, in comparison with other things, be a big, big bargain.

Pleased With Street Improvement; Treats

Continued from Page One

long table about which the councilmen gather each month for business, was turned into a festive board following the business meeting, and they ate ice cream to their hearts content.

Zarr was glad to "make good" on his promise, for Water street, one of the oldest in town, had not been improved in spite of numerous requests. A narrow thoroughfare paralleling Neshaminy Creek, it extends only from Hulme street to Estill Alley. Estill Alley which connects Water street with Main street, was also improved, and the families along Water street now have a much finer means of entrance and exit to their homes.

Council voted to have resolution drawn up, making Water street and Estill Alley "one-way" streets, with entrance from Hulme street, and exit onto Main street. While the work of improving same was being carried out, shoulder and gutter were re-built on south side of Hulme street.

Councilmen present to enjoy the treat were: President George Bilger, Orville Morris, George Forst, Willard Bartoe, Edward Vansant, and Harry Beck; also treasurer Miss Grace H. Illick; and secretary, Mrs. Edward Black.

The meeting opened with prayer offered by the Rev. Edward W. Stiles, pastor of Neshamony Methodist Church. Arrangements were made to comply at a later date with request of Bucks Co. Planning Commission for copies of the zoning ordinance and borough map. The councilmen, last evening, received final report from the Hulmeville borough zoning commission, the two public hearings of the commission having been held, and draft revised.

Several signified intention of attending Bucks Co. Boroughs' Ass'n monthly dinner meeting at Newtown on Nov. 27th.

There was further discussion on advisability of having ordinances codified.

Plans were discussed for patching some streets, and report given of repairs made to Beaver street. Attention of councilmen was called to the reflectors on street lights which need replacing. Two street lights were reported out, one on Beaver street and one at Lincoln and Ford avenues.

Chief of Police Ernest Maret reported as follows for the past month: five stop sign violations, two reckless driving charges, four driving too fast for conditions, one parking at "stop" sign, two operating cars with no owner's cards; investigation of theft of television set from a local garage; recovery on Hulme street of a stolen car; one accident case pending; fines paid by drivers of some trucks. Chief Maret informed that conditions at Halloween season were improved over last year, although one resident reported a window broken, and another reported some trees and shrubbery knocked down. The chief also told of hole burned in street at end of Neshaminy Creek bridge, when load of burning crates was dumped off by pranksters.

Councilmen instructed the secretary to call attention of a real estate agency to a Main street property, said to be a fire hazard. Need for elevation of a traffic sign on Green street was mentioned.

The borough treasurer, Miss H-

ick, reported balance in the general fund of \$3,331.70; sinking fund, \$5,475.33; highway aid account, \$805.05. Bills ordered paid are: Chief Maret, \$46; Ferdinand Reetz, Sr., hauling, \$40; Philadelphia Electric Co., \$99.41; George Dicken, postage, \$3; Bell Telephone Co., \$17; Commonwealth of Pennsylvania, State Workmen's Insurance premium, \$112; Government Consulting Service, \$65.27.

BENSALEM WINS FOURTH GAME BY VICTORY, MONDAY

CORNWELLS HEIGHTS, Nov. 6

Bensalem Township won its fourth game of the season yesterday afternoon, handing Lower Moreland High a 19-6 defeat on the Owls' field. It was the fifth loss of the season for the Lower Moreland contingent.

Starting in the Bensalem triumph was Bob Whitfield who scored a touchdown, caught a pass for the extra point, and aided in the scoring of the other pair of touchdowns.

The Owls scored in the second quarter with a 68-yard march. The Bensalem team took the ball on its 32. Carl Arnold ripped off five yards and Al Parker made a first on the 42. Whitfield carried the ball for a first on Lower Moreland's 44. Joe Mikelaitis was good for five yards. Whitfield broke loose for a run to the 12 yard line. Whitfield carried the pigskin to the one-yard line on two plays for another first down and then crashed over the line for the score. The conversion point was an aerial thrown by Harvey Crowthers to Whitfield.

Coach Marlon VanHorn's lads crossed the goal line again in the third period. A pass, Whitfield to George Walker, was completed with

the latter going out of bounds on the 8-yard line after a 15-yard completion. Whitfield hit the line and was stopped at the 1-yard line. An off-sides penalty set back the Owls to the 6. Russ Struble passed to Arnold for the touchdown. Struble's extra point bid, a placement, was blocked.

In the finale, Bensalem made its third score. Whitfield intercepted a pass on the 40 and ran to the Lower Moreland 20. Parker got to the 9-yard line but here Lower Moreland held for downs. In attempting to run the ball, there was a fumble in the Lower Moreland backfield with Al Dominiani recovering in the end zone for a Bensalem score. A pass, thrown by Crowthers and intended to Parker, was unsuccessful in the extra point try.

Gus Wetzel scored the Lower Moreland touchdown in the last quarter. Kaufmann intercepted a pass on the Bensalem 29. On the next play, interference on a receiver was called with Lower Moreland getting to the 8-yard line. A penalty put the ball on the three from where Wetzel plunked over. Chadwick's extra point try was wide of its mark.

Bensalem had nine first downs to Lower Moreland's five.
